

The Craft Guild of Dallas presents

Susan Filley

Techniques in Form

Susan Filley works with porcelain making functional pots that are both decorative and sculptural. This hands-on workshop, based on the wheel, is designed to allow each individual a chance to use a variety of techniques to combine functional forms with sculptural details. Susan will demonstrate her unique decoration techniques using porcelain slip. Basic throwing skills are required.

Susan Filley is a professional potter living in Charleston, SC. Her elegant porcelain forms are decorated with colored slips and rich porcelain glazes. She combines sculptural elements and alters some of her forms to create uniquely animated pots. She has taught across the country and her work has been exhibited internationally.
